To Whom It May Concern:

The Office of Student Involvement and the Student Development Center co-sponsored a lecture by Christy Whitman on Depression and Suicide, with great results.

We had over four classes attend each session, and the evaluations were most impressive. Our students learned the many signs of depression and suicide and what to do in case they encountered the signs.

Faculty that attended were also impressed by the information provided, and was thankful to our offices for bringing the very important topic to campus.

As the Director of Student Involvement, I would highly recommend bringing Christy onto campus, as her lecture can most definitely save a life.

Feel free to contact me at 845-574-4394 to discuss the positive we have had while working with Christy.

Respectfully,

Debra Balestra  
Director, Student Involvement
