There are two choices to move through life: Release vs. Avoid Pain

When you release, it equals freedom. Each week, we will release the pockets of pain so you can stop devoting your life avoiding physiological pain and devote your life instead to joy, light, freedom, and opulence.

When you choose to participate in the Sacred Circle of Light, you will:

1. Explore a new experience of FREEDOM – layer after layer of old imprints and limitations freeing you from your past.
2. Once you are clear, have a consistent place and teacher that can keep you and your energy clear when things in life affect you, or life takes over.
3. Anything that dims your light has power over you, and you can easily release it so that you can be free.
4. Live from a state of being where you are neutral to other people and mass consciousness lower vibrations pulling you down. Live unaffected and in the LIGHT!
5. Eliminate the stuck energy of bushwhacks so that you can be free to feel how you want to feel and do what you want to do in your life.
6. Become part of a very conscious community where there is support, love and encouragement for your growth and expansion. Be celebrated for the light that you are.

It is time to shine you light so that others have permission to shine theirs.
